

SAFETY BLOOD COLLECTION SET - WITH LUER ADAPTER

The DOMREX™ Safety Blood Collection Set is a world-class safety winged blood collection device. It offers a painless venipuncture and optimal blood flow, ensuring safety for the patient and healthcare professional.

BENEFITS

- + Latex free | DEHP free
- + Transparent tubing **without memory**
- + The **protective tube piercing needle cap** prevents the possibility of puncturing the packaging or pricking the user when handling the product before opening and during use
- + **One hand** activation of the safety mechanism
- + Audible "Click" to confirm the activation of the safety device
- + The **precision "Tab"** ensure an accurate position of the thumb and a good grip to facilitate the safety device activation
