

DOMREX™ SYRINGE WITH HYPODERMIC NEEDLE

The DOMREX™ high-quality syringes with hypodermic needles are available with Luer-Lock proximal tip (1ml, 3ml, 5ml and 10ml).

AVANTAGES

- + High quality needle
- + Very competitive price promoting the conversion from regular to safe products
- + Faster identification (color of the base of the needle)
- + Plastic barrel with clear graduation and latex-free
- + Upward-facing bevel for easy low-angle injections
