

DOMREX™ SAFETY BLOOD COLLECTION SET

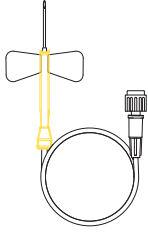

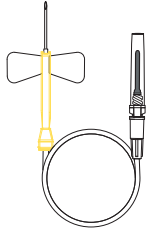

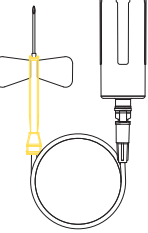

The DOMREX™ Safety Blood Collection Set is a world-class safety winged blood collection device. It offers a painless venipuncture and optimal blood flow, ensuring safety for the patient and healthcare professional.

BENEFITS

- + Latex free | DEHP free | BPA free
- + Transparent tubing **without memory**
- + The **protective tube piercing needle cap** prevents the possibility of puncturing the packaging or pricking the user when handling the product before opening and during use
- + **One hand activation** of the safety mechanism
- + Audible "Click" to confirm the activation of the safety device
- + A **precision "Tab"** (raised area) allows quick thumb positioning in the correct place, ensuring a secure grip and facilitating activation of the safety mechanism.
